02:32 PM / 00:29

<silence>

02:32 PM / 00:59

Hey, how y'all doing?

02:32 PM / 01:06

The Dodge? Yeah. Um, um, to it, but it's identical to the last call. Oh, okay. Just different. Like the facility doesn't even want to, to know what her mom, her mom is. Yeah. So she demanded to speak with like, when it came out, not a police matter. Right. Um, it looks like she's been doing this a lot now. Um, calling for demanding to see an officer to allege that the home where her mom was taken to, um, mom was removed from her care. She has a conservator in the Guardian and placed in a facility who's not her. Right. She's not the conservator or a guardian? No, she is not. Okay. Yeah. So

02:33 PM / 01:46

Her, did you say her mom's Diane Dodge?

02:33 PM / 01:48

No. No. Okay. Uh, I think it's George Dodge's, the now the conservative. Gotcha. Yeah. And apparently her mother has been kicked out of some places before because she would just harass the staff I looked at the last night called, she probably had that double check the date, but it was recently. Um, same thing. AP PS has been same thing. Bill Protective Services been involved. They were at the court hearing for the circuit court hearing. Um, took.

02:33 PM / 02:13

So what does she want happened today? Want

02:34 PM / 02:15

A full wants investigation? She wants an investigation about adult criminal neglect. Neglect. Neglect of her mom. Mm-hmm <affirmative>. Yes. From the, from the facility. Yes. Yes. And she believes that no one's doing anything for

02:34 PM / 02:27

Her.

02:34 PM / 02:27

Okay. Um, but it sounds like she is, um, little [REDACTED]. Mm-hmm <affirmative>. You can tell like some [REDACTED]. And she lives alone. Some grief. She lives alone. How long lives be lives alone. Yeah. Mom was removed, um, from the house 20 months ago, according to her, um, 20 minutes ago. 20 months. 20 months. 20 months. Thank you. Sorry. <laugh>. <laugh>. I think my hearing's bad today. <laugh>. Um, but she has been taking care of mom since 2006 up until 2020,

02:34 PM / 02:56

Which is a tough gig. Yeah.

02:34 PM / 02:58

So, yeah. She alleges that mom deteriorated after, after they took her. They took her. Sure. Yeah. Um, it's one of those things where I think she truly does care and wants the best, but I just don't think she understands so

02:34 PM / 03:11

Much. Yeah. Sometimes two things could be true at once. Yeah. I, I tell you what I'm, if y'all don't mind, I'm gonna go up there and just play it off. I, I will send it to who it needs to get sent to, to get investigated and we'll just do that and let her while we're talking, let her do her [REDACTED]. Okay. And then we're only gonna need one officer. Okay. Even if she does need to go. Yeah. Um, 'cause I don't think if we can't handle her, we both need to hang up our guns. No, I understand. <laugh>, <laugh>. No, I understand. And I think it'll be a little less.

02:35 PM / 03:40

Yeah, a little. So, and she has a, a stack of papers, but, um, she hired medical Medical, a professional medical that she found online. Sure. That I don't, I go like that 'cause I've never heard of it. Yeah. Um, right. But she says that she had to hire that 'cause she don't have a lawyer and no lawyer will.

02:35 PM / 03:57

Yeah. I'll get her case number and everything. Yeah.

02:35 PM / 03:59

Okay. Whatever you guys need.

02:35 PM / 04:13

C Denial of care is denial of care. Gotcha. Hi,

02:36 PM / 04:18

How you doing ma'am?

02:36 PM / 04:20

See Miss Kay? Yeah.

02:36 PM / 04:22

Hi. Seeking help for my mom.

02:36 PM / 04:24

Okay. My name's Shannon. This is Officer

02:36 PM / 04:26

Caston. Thank you.

02:36 PM / 04:28

I'm Keith Caston. It's nice to meet you.

02:36 PM / 04:29

I'm afraid

02:36 PM / 04:30

Of

02:36 PM / 04:30

Covid. Okay. That's all right. I understand. I've been boosted more in the Apollo space program. <laugh>. Yeah. Well, I

02:36 PM / 04:35

Got it really bad and it's

02:36 PM / 04:37

Horrible. It's horrible, right?

02:36 PM / 04:39

Is alright. As Shannon sits down. Yeah.

02:36 PM / 04:41

I'm gonna move over

02:36 PM / 04:42

Here though. Oh, I take it on the other side if you wanted to stay. No,

02:36 PM / 04:44

I'm okay over here.

02:36 PM / 04:46

Thank you.

02:36 PM / 04:48

So I'm a licensed mental health professional

02:36 PM / 04:50

Officer. Oh my God. Do you understand that? My mom is being destroyed.

02:36 PM / 04:56

So that's, that's what I'm here for. Understand. That's what I'm here for.

02:36 PM / 04:59

That's what we're just trying

02:36 PM / 05:00

To understand. Thank you for that And. I do not need help. I need the police to care about crimes being committed and

02:36 PM / 05:06

That's why and I care. Thank you. Yes, ma'am. Do

02:36 PM / 05:08

I read this? Please?

02:36 PM / 05:09

Yes, I will.

02:37 PM / 05:15

And I have a website that I've created because nobody cares about the truth.

02:37 PM / 05:18

Can you tell me what happened?

02:37 PM / 05:20

Yes. My mom has been denied over a thousand days of care since May 18th, 2022. There is a conservator as a predatory conservatorship, um, guardianship that has occurred since 2020. She started selling all of the properties. She started denying me, which is in the court order, all of these things. She defied everything. Then she filed an emergency petition to remove me as guardian, based on absolutely no credible evidence whatsoever. Never contacted me, never did any due diligence. Never provided me with you notifying me of emergency petition. Then, then when she does contact me

02:37 PM / 06:02

Two days after, Hey brother, afterwards, Hey brother, you got a business card?

02:37 PM / 06:04

Then she, um, you want write this down?

02:37 PM / 06:07

I'm listening. No, I'm looking down.

02:37 PM / 06:08

Okay. Then, then she did, she absolutely disregarded in writing, in email, showing that she got it. All of the evidence stating that the care manager lies my mom care. I have it on video, I have it on recordings. I have threats against my life.

02:38 PM / 06:25

Who's by the conservative?

02:38 PM / 06:27

By

02:38 PM / 06:27

The correspond? 47.

02:38 PM / 06:28

And, and that's in there. It's May 24th. 2023. He said, Lynn must move by her house

02:38 PM / 06:34

Just and gimme the last settle please.

02:38 PM / 06:35

This is while he was denying my mom both dental and medical care. Mm-hmm.

02:38 PM / 06:40

So what happened today, specifically did something.

02:38 PM / 06:43

I'm trying to get somebody to care that my mom is being killed.

02:38 PM / 06:47

When's the last time you stayed with your mom?

02:38 PM / 06:49

Yeah, they won't let me see her or talk to her. They have isolated thank and abandoned her.

02:38 PM / 06:54

When was the last time

02:38 PM / 06:55

You got to see March of 2023 was, this was the last day I saw her, the day they did this to my mom. This is my website that I've created to get all of the criminal evidence onto it.

02:38 PM / 07:09

So she has a black eye?

02:38 PM / 07:11

Yes. This was September 29th. 2023. It's

02:39 PM / 07:14

A bad black

02:39 PM / 07:15

Eye. Yeah, she fell because she's severely Would

02:39 PM / 07:17

You be able, were refused. Would you be able to scan this and send it to my email if I provide my email to you? Uh,

02:39 PM / 07:21

I had the

02:39 PM / 07:22

PDF. Okay, perfect. I'm gonna give you my email in the car. Oh, you got,

02:39 PM / 07:26

So she got that black eye. That's a really bad black eye. She said

02:39 PM / 07:29

She fell. Yeah. She felt her legs buckled. It's in the emergency report. Her legs buckled. This is while they were denying my mom care. She had 22 grossly abnormal labs. Sorry, but you go through this and

02:39 PM / 07:41

Take your time. I can tell that you really care for your mom and you just,

02:39 PM / 07:46

I take care of her since 2006. I gave up my life to take care of her and then they destroy her within a year.

02:39 PM / 07:55

It's really hard to see,

02:39 PM / 07:58

Ma'am. So I'm gonna just so you can take a break. Yeah. This is the case number that's gonna be sent to all the detectives. This is my email and I'm gonna make sure you can read that before I leave <laugh>. Yeah. Um, and then this is my name. This is my business card.

02:39 PM / 08:13

Uh, okay. You're gonna have just tell me it 'cause I can't.

02:40 PM / 08:16

Okay. But we, we don't have to worry about that. Now I just wanna hand it to you. Cas Caston? Yes, ma'am. Ca,

02:40 PM / 08:23

T-A-S-T-I-L-O-N

02:40 PM / 08:26

As in Nancy. Okay.

02:40 PM / 08:27

Mark. M-O-M-P-O?

02:40 PM / 08:30

No, MPO. That's just I'm a master police officer. Okay. Or at least that's what I've pretend to be. Rrk initials? Yes. Okay.

02:40 PM / 08:36

That's what I believe you to be.

02:40 PM / 08:37

Keith

02:40 PM / 08:38

<laugh>. Richard

02:40 PM / 08:39

Dot Caston.

02:40 PM / 08:40

C-A-S-T-I-L-O n@fairbankcounty.gov. Yeah. Case number

02:40 PM / 08:45

2025 dash 0 5 5 0 1 3 1.

02:40 PM / 08:50

Okay. Sorry, I have macular in both eyes, but I can't see anything outta my right eye.

02:40 PM / 08:55

I'm sorry.

02:40 PM / 08:56

So, yeah, she, um, was severely anemic. Mm-hmm <affirmative>. I mean, I have all the criminal evidence. I don't understand why this is not being investigated.

02:40 PM / 09:06

Well, it's, well, it's going to after today. Thank

02:40 PM / 09:08

You. Yeah.

02:40 PM / 09:09

So how have you been doing though? I can tell this is really weighing on you, understandably.

02:41 PM / 09:15

Yeah. If you had your mom almost murdered three times, you'd feel this way too.

02:41 PM / 09:19

It's really hard. It's a lot of pressure to be putting on yourself. And

02:41 PM / 09:23

I get four hours of sleep because I've produced all of these. I have a, a lawyer online who cares mm-hmm <affirmative>. And he's helped me produce all of these things. I have an emergency petition that's ready. I can send it to you also.

02:41 PM / 09:35

Please. Anything you have, send it to that email. But

02:41 PM / 09:37

I'm hoping the guy will work on the website and get all these PDFs on here today. He said he would, he didn't do anything on the weekend. I just got this, it just was like, brilliant. Why don't I get one place where everything is. Mm-hmm <affirmative>. I mean, you'll be shocked at this. There's six Provident lawyers who have concealed this guardian ad litem. My mom's lawyer, the conservators two conservators. George w Dodge, the guardian who's absolute sociopath and then his lawyer. These are crimes.

02:41 PM / 10:11

Do you have a, do you have a poss What do you think? Just your opinion, their motivation for this is

02:42 PM / 10:17

Financial exploitation.

02:42 PM / 10:19

Okay.

02:42 PM / 10:19

And it is stated in, in the emergency petition. It's like they have a conflict of interest. What they're doing is not allowing my mom to regain capacity by denying my mom care and keeping her sick. She's been sick at least 12 times under their conservatorship and guardianship.

02:42 PM / 10:39

Do you know where your mom is right now?

02:42 PM / 10:41

Unless they moved her. I found out through the back channel and now they've cut that off because I went to court with all of the information. Where? Vienna Manor? As far as I know Vienna in Tyson's Corner.

02:42 PM / 10:52

And what's your mom's name?

02:42 PM / 10:54

Elaine. EL. Okay. So you don't wanna take

02:42 PM / 10:56

This, you're gonna send it to me, remember? Well, why don't you just take it? I can, I have it. Yeah. Yeah. Okay. Yeah.

02:42 PM / 11:01

That's why I printed it out.

02:42 PM / 11:02

Said her name's Elaine.

02:42 PM / 11:04

E-L-A-I-N-E. May MAE. Kata. K-A-P-U-S-T-A. Okay. They're draining. And how old? The entire estate. And they're keeping the themselves employed. How old

02:43 PM / 11:20

Is your mom?

02:43 PM / 11:21

She just turned 87. 87.

02:43 PM / 11:23

87. When's her birthday?

02:43 PM / 11:25

██████/37.

02:43 PM / 11:30

So I wanna talk about you for a second though, because our officer here, he's taking the report. He has the number. He's gonna look at all your documents. So he's, we're taking what you're saying. Seriously, we're here for you.

02:43 PM / 11:39

Thank you. Go on the website please. Yes ma'am.

02:43 PM / 11:42

But okay. I wanna know how you are doing. You told me you're only getting four hours of sleep a

02:43 PM / 11:46

Night. Right? I'm dealing with all of this. Trying to get all of this stuff done.

02:43 PM / 11:50

Have you been eating?

02:43 PM / 11:51

Yes. Come on. I don't care about me. I care about my

02:43 PM / 11:55

Mom. I'm trying. Do you, you have any other family in the area? Mm-hmm

02:43 PM / 11:57

<affirmative>. No, I'm trying to save her life. Do you understand? Yes ma'am.

02:43 PM / 12:01

And you have to be here and well to help advocate for your moms

02:43 PM / 12:05

Right? That's what I'm doing.

02:43 PM / 12:07

So that's me. I wanna make sure that you're doing

02:43 PM / 12:09

I'm fine. Get my mom help. I'll be fine. She has only deteriorated away from home. Mm-hmm. Under conservatorship. It is criminal and I'm seeking criminal investigation. And I will testify under oath. Seeking a warrant for Class four felony against this person. Mm-hmm. This is a crime. Mm-hmm

02:44 PM / 12:30

<affirmative>.

02:44 PM / 12:31

Yes ma'am. I believe you.

02:44 PM / 12:32

Do you have any support? Any friends? No. At the church? Any

02:44 PM / 12:36

I have dealt with this for myself. Trying to save my mom's life. I have gone online to Kearney the online lawyer who since July of 2024 has helped me get all of these documents together. Okay. The emergency petition spells it out. In fact, I could read it to you or you could listen to it. You wanna listen to it? No,

02:44 PM / 12:56

No. I, we we're listening to what you're saying. So it sounds like this has been taking up all of your time. Uh, yeah. Trying to take care for your mom.

02:44 PM / 13:03

Right.

02:44 PM / 13:04

What kinds of things do you do for yourself

02:44 PM / 13:08

When you're seeking to save your mom? What would you do for yourself?

02:44 PM / 13:11

Well, it would be hard to balance. Right. I don't think I would. Like you said you're doing, I put all my effort into trying to save her. Exactly. So you sometimes end up neglecting yourself 'cause you're trying so hard to save someone else. Right?

02:45 PM / 13:21

Exactly. I'm trying to save my mom and nobody is helping me to save my mom. All we need is an order of protection. Get my mom removed from where she is, where she is only deteriorated as testified in that medical expert report. Mm-hmm <affirmative>. Stating that my mom has not been normal lapse since October 24th, 2022. And is one and a half years ago that my mom has been denied care.

02:45 PM / 13:48

In a perfect world, where would you like her to be?

02:45 PM / 13:51

She lives here. Okay. They removed her by armed guards against her will Crying.

02:45 PM / 14:00

And what was, while

02:45 PM / 14:00

They were threatening me. It's in there.

02:45 PM / 14:03

What initiated that?

02:45 PM / 14:06

His

02:45 PM / 14:06

Denial of care. Read it. Read it. You'll see. Okay.

02:45 PM / 14:09

The conservators,

02:45 PM / 14:10

The guardian, the Guardian's denial. Yes. And there's so many more evidence. It's called The Wall of Silence. That's gonna be on my website tonight also. Mm-hmm <affirmative>. And the Trail of Destruction. I don't know if I printed that out. I think I'd What's the name of

02:46 PM / 14:21

That out? What's name of your website?

02:46 PM / 14:23

Um, so WW dot, we, we are fighting for our lives.org. This is this, but it doesn't seem to have, it needs like a, a http colon slash slash we are fighting for our lives.org. Okay. So you're, it doesn't work under www for some reason. I don't know why I can't get it to work on my phone.

02:46 PM / 14:48

So, uh, trust me, I have no idea how to make a website at all. So <laugh>,

02:46 PM / 14:52

But if you get her removed mm-hmm. And get her home, she has been denied 1000 days of medical and dental care against doctor's orders. Mm-hmm. And she's only deteriorated away from home. And there was no reason to remove her except for that he was criminally concealing his medical elder cruelty that was occurring. And not one fiduciary care. Their names are on here saying that my mom needed care and they didn't care.

02:47 PM / 15:23

And you said this nursing home is not giving her care.

02:47 PM / 15:27

I mean, care is not, is medical. They have no medical there. And they're stating that my mom needs no care when my mom has lost half of her blood cells and half of her platelets. And my mom was normal when she got care. And now she gets no care and they're trying to kill her. They're also giving her FDA unapproved antipsychotics, which is not for elderly

dementia, not for heart patients. And they don't care. And that's why she almost died the third time.

02:47 PM / 15:55

Do you know what the medication was there? She was Seroquel. Seroquel.

02:47 PM / 15:59

And I sent it to be in a manner. I said, if you, if, if, if, um, Seroquel causes QT prolongation, which is enlarged heart, it was diagnosed that she now has enlarged heart. If my mom dies, you have a wrongful death lawsuit on your hands. I don't know what they've done since then. But they were giving my mom Seroquel, which was removed from her previously when was, and it is FDA unapproved.

02:48 PM / 16:27

When was the last time you contacted them?

02:48 PM / 16:30

They won't let me. Mm-hmm <affirmative>. I have been denied because the guardian does not want me to get any more evidence against him.

02:48 PM / 16:38

So what do you do? How do you spend your day? What do you do when your, just focus on that? Yeah. Okay. Do you see anyone else other than the lawyers? Do

02:48 PM / 16:46

You talk with anyone? I went online to Gurney, uh, just answer.com, which is lawyers and professionals and all of that. Doctors, et cetera. And that's why I ran my mom's labs. You could PDF it, attach it. It's a fantastic service. I've been with them since July of 2024. Found them accidentally. Was doing a search. And if you do, if you do a search for legal info help because I've then been, you know, doing all of these filings and, and all of that. Ms.

02:49 PM / 17:44

Kay, our officer here is taking all that information. Right? Right. He gave you that case number. So, right. We're listening to you. We hear you. But today, what can we do for you

02:49 PM / 17:55

To kind of help you feel a little better?

02:49 PM / 17:57

I'm gonna put this in the car. I'll be right back. Take

02:49 PM / 17:58

An order of

02:49 PM / 17:59

Protection

02:49 PM / 18:00

For my mom's wife. Have that my mom collect all investigator. And

02:50 PM / 18:53

Then one month later, one termination of MyChart, which I was getting all the information from regarding my mom. Termination. Permanent, no more access against court orders. Then February 7th, 2024. Stated immunodeficiency by Dr. Ler, um, Mar, um, February 9th, 2024. Uh, stated mild dysplastic syndrome and pancytopenia. Four to five months. Four to five months. Mm-hmm <affirmative>.

02:51 PM / 19:26

So, Ms. Kay though, I wanna come back to what I originally asked was for you, what could we do for you today other than take this report.

02:51 PM / 19:32

That's it. Other than invest you do that. Okay. I'll love you, <laugh>. What are, I'll pray for you every single night. What are you

02:51 PM / 19:37

Gonna do to put the rest of your day

02:51 PM / 19:39

Though? I gotta finish this. Your website. Yep. Yes.

02:51 PM / 19:43

So you said you're not really sleeping. Do you take any medications to help you sleep?

02:51 PM / 19:47

I don't need it. I pass out 'cause I'm so exhausted. You do this for 18 hours or for 16 to whatever. Yeah. 18 hours a day. You just pass out also.

02:51 PM / 19:57

I agree. But you said you only getting four hours of

02:51 PM / 19:59

Sleep. Right? Okay. So it's not really passing out 18 to 20 hours. Yeah. You're, you're, do you know how long it's, I it, one stylus. Oh, one phone, one eye. I couldn't even read the website. Yeah.

02:51 PM / 20:10

So I'm sure it takes a long

02:51 PM / 20:12

Time. They have stated that I have filed 10,000 pages. Do you know how hard that is to do with one phone? One stylus? Mm-hmm <affirmative>.

02:52 PM / 20:18

I, I can't imagine, to be honest. Does anyone come

02:52 PM / 20:20

To see you in your home? Almost 24 hours a day. Are

02:52 PM / 20:22

You in this home all by

02:52 PM / 20:23

Yourself? Yes.

02:52 PM / 20:25

Okay. So no one comes to see you to check in on you.

02:52 PM / 20:28

I told you I've got multiple people that I'm communicating with.

02:52 PM / 20:36

That's okay. <laugh>, that's, you know what that says a lot that you were able to catch yourself. I wouldn't have been able to do that.

02:52 PM / 20:45

Uh, I mean, I can tell you But we talk every day. You wanna see my phone? No. No.

02:52 PM / 20:52

I, I believe you. I believe you. How has it been kind of focusing on caring on you for yourself though? Like, um, washing your clothes, showering, brushing your teeth, kind of just doing your things for you. I

02:52 PM / 21:02

Do not need help. I need help for my mom.

02:52 PM / 21:05

Mm-hmm <affirmative>. Which, where were

02:52 PM / 21:06

You? I have been so, I, I am impressed with everything that I've gotten done to seek, to save my mom. Mm-hmm <affirmative>. A person to, without a lawyer file, go to court, represent, seeking to save your own mom. Do you know how crazy that is?

02:53 PM / 21:26

I don't say that as crazy. I see that as hardworking.

02:53 PM / 21:28

Well, yeah, but I'm saying, do you know how crazy that is hard that I'm in that position? Yeah. With all of the fiduciaries. Yeah. Concealing this from the court.

02:53 PM / 21:36

It's a, I can't even imagine trying to navigate that

02:53 PM / 21:38

Way. I've already contacted the news. Also,

02:53 PM / 21:41

Can I ask you a very personal question that you don't have to answer? Yes. Just because I'm concerned. Um, how are your finances?

02:53 PM / 21:49

Yeah. I've paid half a million dollars trying to save my mom. That's how they are.

02:53 PM / 21:53

So, right. What I'm saying is, are you able to keep up with your bills?

02:53 PM / 21:58

Uh, yeah.

02:53 PM / 21:59

Yeah. I'm not barely. Okay.

02:53 PM / 22:01

Barely. She turned off all the utilities. Look, it's unbelievable what she has done. She is a criminal and I'm seeking criminal charges against them. Also. Every single person's name on there has criminally concealed this from all authorities. So, Ms.

02:54 PM / 22:17

Kay, you just said she turned off all utilities.

02:54 PM / 22:19

Yeah, I had to pay for them to turn them all back

02:54 PM / 22:21

On. Okay. So you have running water and, and all that? Yes. Okay, good. Yes. So I'm not saying we just got through a really cold winter. Yes. So I was hoping you had some heat in the

02:54 PM / 22:29

Yes. It was not good.

02:54 PM / 22:32

And I, I have to ask these questions, so I hope you understand. But since all the stress that it comes on with trying to help care for your mom and trying to figure all this out, have you been having any thoughts about wanting to hurt

02:54 PM / 22:43

Yourself or any thoughts? No. Do you know a person sent me, they sent me this before because I cried on the phone seeking to save my mom. And I told them in California, I came back from California in 2006 that my mom's begging after my dad died to

02:54 PM / 22:58

Care for

02:54 PM / 22:58

Her. Right. To care for her. She didn't need caring at that time. She just was overwhelmed because you need support. He needed. Yeah. Because he died in 1999 and everything was on her shoulders. And she was just, she just kept begging me to come back. But when I moved out there in 1985 to California, I, it was pretty bad here. My mom and my dad were, my dad was an alcoholic, all of that. But anyways, long story short, I wanted to kill myself. I tried to kill myself in

02:55 PM / 23:26

1985.

02:55 PM / 23:27

It was 80. No, it was before that. Okay. And, um, and I did it by, um, what do you call it? Uh, o overdose. It's ridiculous. You take Tylenol to overdose, you get the worst headache in the world. So I woke up and this was, we were on a lake, right? Mm-hmm <affirmative>. I survived and woke up, thank goodness. And it was beautiful. The sunrise was, oh, it's just so beautiful. And I was like, I could have missed this. And I ever since it was like, I don't know if everybody has to try to kill themselves one time in their life to find out how beautiful life is. But I learned. Well,

02:55 PM / 24:08

I, I wish you didn't have to go through that, but I love that story. I loved

02:55 PM / 24:10

Hearing

02:55 PM / 24:11

That you waking up over the life. That's, that's one of the, the more positive stories I've heard in a long time. Yeah. That was, thank you for sharing that. Thank you so much for

02:56 PM / 24:17

Sharing that.

02:56 PM / 24:17

Okay. So I want to live, but I want my mom to live. All they're doing is killing her. And you have that stating that all she's ever done, she's been as hell. It even states in there that I know when he said something like this shows that Elaine has only deteriorated away from home and away from Lynn's care. And they're trying to paint me as crazy for my seeking to save my own mom's life.

02:56 PM / 24:54

But it's,

02:56 PM / 24:55

It's literally in there from my lawyer at the time that I had to get a lawyer because of what Cuccinelli did in lying to the court. And he was

02:56 PM / 25:04

The, he's the guardian

02:56 PM / 25:05

Or no, Steve Stein was the lawyer I thought, for breach of contract. Because they breached the contract, right? Mm-hmm <affirmative>. And, um,

02:57 PM / 25:14

Where

02:57 PM / 25:14

Was I going with this? Cuccinelli? Tell me before I said

02:57 PM / 25:17

That. Who is Cuccinelli? Is it the

02:57 PM / 25:19

Guardian? Carrie Cuccinelli is the conservator. One of, one of conservator of one of the, um, the lawyers. Okay.

02:57 PM / 25:25

Understood.

02:57 PM / 25:25

And the lawyers. Um, but I was saying something before that, what was I saying? You

02:57 PM / 25:32

Had to file and you had a lawyer who, lawyer who wrote that your mom was doing oh,

02:57 PM / 25:37

Oh oh oh oh care. Yes. Yes. We were emailing saying, um, October 16th, 2022. Elaine is have teeth pain, please schedule dental x-rays. Do you know when she got dental X-rays? March 2nd. And this is in the emergency petition that, that's gonna be on my website. March 2nd, 2022. August 1st, 2024. Mm-hmm

02:57 PM / 25:59

<affirmative>.

02:57 PM / 26:00

We requested October 16th, 2022. And my mom gets nothing for almost a year while she's suffering teeth pain. Why do you deny care unless you're trying to harm the person? Is that when

02:57 PM / 26:12

She was in the facility?

02:58 PM / 26:14

August 1st, 2024. The very next day she almost died and needed to be revived. And she had a dental gum abscess. The dental gum abscess, I don't know if you ever had one, does not go away without a root canal or tooth extraction. It was stated

02:58 PM / 26:32

May 8th, 2023.

02:58 PM / 26:34

After we begged since October 16th, 2022 for my mom to have dental cleaning and dental x-rays. My mom's seven months later is granted a dental appointment. They determine immediately within one minute, my mom has a dental gum abscess and give her antibiotics and send her home. Then it states Elaine needs sedation, dental, comprehensive evaluation for follow up treatment never given to her.

02:58 PM / 27:08

So some I know for a lot of caregivers, which you are a caregiver or you were,

02:58 PM / 27:12

I'm a mom, I'm a daughter.

02:59 PM / 27:14

A lot of times when we're taking care of our loved ones, we forget our own doctor's appointments or our own dentist appointments.

02:59 PM / 27:19

No, I had my dentist appointment. I have another one in March. What

02:59 PM / 27:22

About doctors?

02:59 PM / 27:23

You do not need to worry about me. I am so impressed with what I've gotten done and on only four or five hours of sleep. I just need somebody to care about my mom.

02:59 PM / 27:35

Can I ask you a question about your mom real quick? Yes. Um, before she left here? Yes. Before she was taken. Yeah.

02:59 PM / 27:42

You wanna see the video?

02:59 PM / 27:43

No. Her screaming What I it saw on the website? No. What I want to see though, what I want to hear is what was her medical underlying medical condition before she left?

02:59 PM / 27:53

They declared her as being severe dementia based on the fact that they did not give my mom care.

02:59 PM / 28:01

No, before

02:59 PM / 28:01

She was No, before taken. She the, yeah, I don't, I, what I'm trying to differentiate is between what her actual care, what her actual condition was and the neglect that they have caused.

02:59 PM / 28:10

She was recovering. She got the antibiotics. She got, they also denied her iron and coq 10. And that was also ordered by the doctor. Other

03:00 PM / 28:19

Antibiotics for what exactly?

03:00 PM / 28:20

Dental goss.

03:00 PM / 28:22

So other than the dental stuff before she left your care. Right. How was your mom's health? Uh,

03:00 PM / 28:27

She was deteriorated. She lost half of her blood or percent of her platelets

03:00 PM / 28:34

Before she left your care. So while she was living at home with you, she was still deteriorating?

03:00 PM / 28:39

No, she, oh, okay. So October 16th, 2022 we asked, she had dental pain. She was actually as of s uh, September 20th, 2022. As for dental report, it states Ed Edmo edema tests and that's swelling. So she already was suffering from it. September 20th, 2022, she voiced that she had teeth pain. Mm-hmm <affirmative>. We immediately sent the email stating Elaine has teeth pain. It's gonna be on the website in the wall of silence. It's the filing that I filed.

And, um, at least I hope he is gonna get it done today. And um, uh, where was I going? I'm so tired. <laugh>, um, <laugh>.

03:01 PM / 29:20

That's okay. Will you have time for a nap today?

03:01 PM / 29:23

No. I just pass out when I pass out. So I, I gotta get this done. Um, so

03:01 PM / 29:28

Your mom's health

03:01 PM / 29:29

Oh, thank you. So she was living with you? She was as healthy as me. Her labs matched my labs. This was one week after they started. And then they denied all care. And now my mom has lost half of her blood cells, half of her platelets, 80% of her immune system and been denied.

03:01 PM / 29:48

And when was she taken out of your home?

03:01 PM / 29:51

June 6th, 2023. And I got my mom's labs done one day before and she was recovering. She's never recovered to either October 24th, 22. And it's also attest to in that by, by doctor. And, um, never recovered to June 5th, 2023, the day before my mom was removed. Never, never recovered

03:01 PM / 30:12

From the dental issues.

03:02 PM / 30:14

Well, because they didn't do anything with, if you don't get it, it continues to continue, continue to be bacterial infection. And then she was sepsis and

03:02 PM / 30:22

Then she was moved to the facility in June of

03:02 PM / 30:23

20 June 6th, 2023.

03:02 PM / 30:25

Right. And that's when she, you said that she immediately started to

03:02 PM / 30:28

Deteriorate Exactly.

03:02 PM / 30:29

Before that. And, and that there weren't any issues other than the abscess.

03:02 PM / 30:33

Exactly. Okay. Well,

03:02 PM / 30:35

Well, and she had dementia. Is that right?

03:02 PM / 30:38

That's what they're claiming. But it was mild dementia. But what they're failing,

03:02 PM / 30:41

They're saying it's, it's worse than they really is. It's

03:02 PM / 30:43

*Worse because when you have an infection, I don't know, have you ever had an infection?
Yeah,*

03:02 PM / 30:47

I, the

03:02 PM / 30:48

Whole room

03:02 PM / 30:48

Spins. I've had family members have ssis, SEPs, it's awful. Yeah,

03:02 PM / 30:51

*Exactly. The whole room spins and if you look up sepsis mimicking dementia, you'll find it.
So they are denying my mom care and causing my mom to become incapacitated. When*

03:02 PM / 31:07

Was your mom first diagnosed with dementia? Do you remember?

03:02 PM / 31:10

Well, this was another thing. She was on all of this medication that was mimicking dementia also. And it's stated as that you look up, uh,

03:03 PM / 31:20

When just did the doctors first diagnose her? I know you say you might not agree, but when did the doctors first

03:03 PM / 31:25

Diagnose her? I think it was 2000. Well, all I know is she started forgetting how to drive and I took away her keys in 2013. 2013. Okay. But she was on all of this medication. Mm-hmm <affirmative>. We got her off of this medication. She was highly functional. Okay, so this medication, it is stated that metoprolol mimics dementia. And

03:03 PM / 31:50

What's that for? Why did they give it high?

03:03 PM / 31:52

High blood

03:03 PM / 31:52

Pressure, I believe blood pressure. Okay.

03:03 PM / 31:54

So you said around 20 20, 20 13 she started forgetting things. Yeah,

03:03 PM / 31:58

But she was on all that medication. So you

03:03 PM / 32:00

Took her off all the medication?

03:03 PM / 32:01

I didn't take her off. I didn't know this until January 23, I believe it was that I found the article that states, is it something I'm taking? I think it's what it's called. And it's by the Alzheimer's

Research. If you look up, does MedPro, MET, Meto, Prolo, something like that. Does it mimic dementia? You will find it. I can give you, I I can send you the website also.

03:04 PM / 32:31

Please do.

03:04 PM / 32:32

Or you know what, I'm gonna put it on my website. There

03:04 PM / 32:34

You go. And I have your website written down so we can look for it.

03:04 PM / 32:36

Yeah, we are fighting for our lives.org. Yep. Okay. I got the.com too. But we haven't done anything with that yet.

03:04 PM / 32:44

I'll ma'am I'll look for both. With your permission, I'd like to go get this started. Is that okay?

03:04 PM / 32:49

Please. Okay. <laugh>,

03:04 PM / 32:51

Can I hug you?

03:04 PM / 32:52

Sure. I promise I don't have Covid. <laugh>,

03:04 PM / 32:56

Thank you. I can assure you if my mom gets medical help where she can recover,

03:04 PM / 33:01

I'm gonna do my best. I'm gonna do my best. That's all I can promise you. A mother. Yeah, she's passed. She passed. Yeah. You care. I care. Yes ma'am. Miss

03:04 PM / 33:12

Hay, I'm gonna leave you two business plans, okay? Thank you. One is going to be similar, one that Keith left you, but it has my name written on the background. Okay. The other is 9

88, which it's says Suicide and crisis. But let me, let me, can I explain it real quick? 'cause I need to change the branding. <laugh>

03:05 PM / 33:26

Really is if you need to talk, I already know. Okay. Okay.

03:05 PM / 33:29

So that's all I heard it. Yep. So, okay.

03:05 PM / 33:35

But what you do,

03:05 PM / 33:36

What I'm gonna do is type up a detailed report of what you told me. I'm gonna include, how are you

03:05 PM / 33:41

Gonna

03:05 PM / 33:41

Remember all of it? Oh, body cam <laugh>. Oh my god. <laugh> Steel Trap. <laugh>. Thank god. Well, I've got a, um, when everything you send me comes to me. Yes. I'm gonna include that and then I'm gonna send it to the appropriate detectives. Thank you. So you will probably won't see me again, but I'm gonna get it to the people that need to help you and, okay. Alright.

03:05 PM / 34:01

Do you want me to include my mom's labs showing that my mom

03:05 PM / 34:04

Has ma'am? The, the more information the better. Excellent. I got

03:05 PM / 34:07

It all ready to go. I

03:05 PM / 34:09

Encourage you to, we're gonna work on this, know that we're working on it. I encourage you to time bring you even take a little nap if you can.

03:06 PM / 34:17

I'm sure I'll pass out, but

03:06 PM / 34:18

I gotta get this stuff. No, no. I'm, thank you. Thank you so much. Have a good.
